WORK EXPERIENCE

Freelance Frontend Developer

Jul 2026 - Present

Freelancing, Remote

- Building the V Connect Global company website (vconnectglobal.co.in) from scratch using WordPress and Elementor, including multi-page navigation, product galleries, and responsive layouts.

Frontend Developer

Feb 2024 - Aug 2025

Stockable, Bhopal (Remote)

- Owned and built the company website end-to-end using React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS as part of a 3-member core team.
- Reduced average page load time by 35% via code splitting, lazy loading, and asset optimisation.
- Built 20+ reusable React components, cutting feature development time by 30%.
- Improved UI across 10+ pages and collaborated on 5+ major release iterations with stakeholders.

Frontend Developer (Apprenticeship)

Dec 2022 - Jan 2024

Geekster, Remote

- Completed an intensive programme in React.js, TypeScript, Redux, REST APIs, and modern web technologies.
- Built and deployed 8+ web applications on Vercel and Netlify across the full development lifecycle.
- Gained expertise in responsive design, state management, API integrations, and unit testing with Jest.

Freelance Frontend Developer

Jun 2020 - Nov 2022

Freelancing, Remote

- Designed and built responsive websites for small businesses using React.js, HTML, CSS, and JavaScript.
- Built and customised a WordPress website using Elementor for a small business client, including page layouts, forms, and responsive styling.
- Delivered end-to-end frontend projects for multiple clients, from requirements gathering to deployment.
- Applied TypeScript, Redux, and modern React patterns to improve code quality and maintainability.

Software Engineer - Frontend

Jul 2019 - Jun 2020

Emergys Software Pvt Ltd, Pune

- Developed the SCB (Standard Chartered Bank) Bank Management System, a self-service platform for thousands of staff.
- Built 15+ responsive UI components using ReactJS and Material Design, reducing UI bugs by 25%.
- Integrated RESTful APIs with a team of 8 backend engineers, delivering across 10+ two-week sprints.

Software Engineer - Frontend

Nov 2018 - Jun 2019

Icreon Communication Pvt Ltd, Pune

- Contributed to the USM (Unique Sports Management) System managing cases, players, admins, and agents.
- Collaborated in a 6-member Agile team, leading frontend implementation across 5+ core modules and improving rendering performance by 20%.
- Shipped features consistently across 6 consecutive sprints through sprint planning and daily stand-ups.

Freelance Frontend Developer

Jun 2017 - Oct 2018

Freelancing, Remote

- Delivered freelance frontend projects for clients using React.js and JavaScript ES6+.
- Built and maintained responsive, cross-browser web pages from design mockups to production.
- Engaged with the local developer community to stay current with frontend industry trends.

Web Developer

Jan 2016 - Feb 2017

Start Login Software, Bhopal

- Built 12+ responsive pages for 90Ads, a classified e-commerce platform, ensuring cross-device consistency.
- Collaborated in a 4-member development team to deliver performant frontend features, meeting all client deadlines.
